

DX International Fuel Escalator

(DX Express Prices)

The cost of Diesel represents a significant element of our overall cost base – therefore all customers are subject to a fuel escalator which ensures fluctuations in the pump price are reflected in the charges. The DX International fuel surcharge is comparable with our competitors and is in line with industry standards. Fuel surcharge movements will go up and down in line with the published prices.

Current ruling price for UK Fuel Surcharges

Date: Week beginning	Single Road Freight	Multi-Road Freight	Air Freight
23rd November 2026	**34.50%**	**39.25%**	**50.75%**
